

SPECIFICATIONS

DESCRIPTION: New and Unused Cargo Van

It is the intention of these specifications to procure specified equipment or acceptable equals. The use of stock numbers, catalog numbers etc., is only for guidance for determination of functional specifications and qualities required and does not necessarily restrict the bidder to this product.

Note: if 'Comply' is checked that means 'As Specified'. If 'Exception taken to specification' is checked that means the specification is different. Please provide exception details in column labeled 'details' or attach a separate sheet of paper explaining the exception to the specification.
